PRICING TRAPS WE FOUND

- Motion's page defaults to the TEAM annual view: the "\$19/mo" you see quoted is not the solo price (\$49/mo).
- Akiflow monthly costs 79% more than its annual rate (\$34 vs \$19). Sunsama raised prices in early 2026.
- Motion's 7-day trial takes a card up front. Sunsama's 14-day trial does not. Reclaim raised Starter \$8 to \$10.
- Rule: never commit annual before a full trial month.
